*Ribbons & Roses Breast Cancer Support Group
Mayport
Invites you to hear*

Allison Winfrey, LCSW

Ms. Winfrey has been counseling and planning with patients for six years. She is currently employed by a local cancer center to work with patients and families: helping with the burden of diagnosis and community resources. Ms. Winfrey will be discussing changes in body image and sexuality after breast cancer therapy.

Please join the group to explore this important and infrequently discussed topic. Be brave and bring your main squeeze.

*Wednesday at 6:30 PM
